Dear Ms. Harvey,

We have been recently contacted by several of the defendants in the above-referenced ligations who have indicated they intend to file motions to dismiss for failure to prosecute. We are presently in the final phase of negotiation with legal counsel for ICPI's representation, and expect said counsel will contact the court on ICPI's behalf in the near term.

As previously noted in our letter of December 1, 2016, the litigations have been stayed for three and one-half years due to multiple PTO reexams, which culminated in findings of validity of all of the patents in-suit by the United States Patent and Trademark Office.

Although, we have been diligent in our search for counsel during this extended period of case suspension, no law firm was willing to make a committment until after completion of the reexams.

Because of the large number of defendants, it has been a wide ranging search to secure legal representation from a firm that did not have conflicts. We are now looking forward to commencement of the case shortly.
